

1 Career counseling

1.1 Different parts of the interview

1.2 Group interviews

- focus on presenting the knowledge that you have

1.3 One on one

- establish a rapport as quickly as possible
- deep dive for information
- prepare questions specific to the faculty member

1.4 The Dean, department chair

- what is the big picture of the department/college?
- what is the university's direction
- what are the major challenges?

1.5 Dinner interviews

- try to engage people, especially people who have not said much
- practice your elevator version of what you do! Concise but engaging, umbrella big picture

2 To ask Claire

- what do you look for in candidates, what do you want to know
- map out how you would start a lab, both big and small

3 Questions to really know

3.1 what are your weaknesses?

- cover something obvious
- immediately talk about what you have done to mitigate it!!!!
- give only one

3.2 What are your strengths?

- I am proud that I have accomplished...

3.3 What is your experience...

- Setting up a research program
- collaborating with others
